ELECTION OF WRIGHT WAS LEGAL

Attempt To Discredit Action Of Charleroi School Board Is Squelched.

DID NOT ADVERTISE

Holding Of Election, But According to Law This Was Unnecessary.

There has been considerable talk about the legality of the recent election of Prof. W. D. Wright to the superintendency of the Charleroi schools, and an article was published in the Washington Observer this morning under a Charleroi date line concerning the matter. The Mail has investigated and can say that the election was entirely legal and the board of directors abided by the law in choosing Prof. Wright for the position. The law is all made over a technical point, it being stated that the directors did not advertise that they would hold such an election. They did not have to advertise, which fact is proven by a careful review of the school law.

Probably what first occasioned the snub was the local directors going to Washington to elect the county superintendent, then returning and holding a meeting at which time it was decided to elect a superintendent. What if they did? No offense was committed by the act.

The school law is in the place where it is now. That the president of the board of directors is not a controller of any city or borough in this Commonwealth shall, at anytime after the passage of this act, if so requested in writing by seven directors or controllers, call a convention, giving at least five days notice thereof to all the directors of said city or borough, to determine whether they will elect a city or borough superintendent in accordance with the provisions of this act; and if, at such meetings it shall be decided to hold such an election, the said directors shall again convene at the time appointed by this section of this act or at any other time in accordance with its provisions, and at a place fixed upon by themselves, when they shall proceed to carry their determination into effect in the same manner as is done by conventions held for the election of county superintendents.

The above applies directly to cities with wards and does not at all concern Charleroi where there are only six directors. The directors knew exactly in what position they stood at the time of election when they voted to create a superintendency.

GRAND JURY MEN CONDEMN JAIL

The Westmoreland county grand jury has presented a report to the court to the effect that the county jail is unsanitary; that renovation should be made. They warmly commend the County Home management and recommend the erection of a suitable building for the care and detention of the insane of Westmoreland county separate and apart from the present county home buildings.

AN AGREEMENT REACHED AT LAST BY CONFERENCE

Unions and Operators Reach An Agreement Yesterday.

LAKE MOVEMENT SLOW

The Agreement Permits 35,000 Men For Two Years.

After nearly two weeks of conferring the coal operators and representatives of the United Mine Workers of the Pittsburgh district yesterday affirmed all of the working conditions existing in the wage scale of the past two years and made them operative for the next two years as a part of the mining wage scale. The conference at first was composed of the operators' committee and all of the miners' wage committee, but after a week's effort on its part the matter was placed in the hands of a joint sub-committee to be threshed out, and this committee made its report yesterday.

The miners had made several efforts to secure some additional concessions from the operators that would increase the cost of the mining of coal. The operators held firmly to their original position, on the ground that the condition of the coal trade would not warrant their assuming any greater burdens.

The settlement completed makes the wage scale that has ruled since 1906 operative, identically as it has been, until April 30, 1910. With the completion of the settlement the conference broke up, both sides expressing satisfaction over the peaceful adjustment of all difficulties. About 35,000 miners will be affected by the settlement, some of whom have been working pending the adjustment.

The settlement of the scale will allow mining operations to be resumed more freely, as the market price has been permanently fixed. The movement of coal to the lakes, which was scheduled to begin June 11, however, it is said, has been deferred, and it is not believed now that the ore boats will start bringing down the ore in time to permit large coal movements to the Northwest much before July 1.

TROLLEY OFFICIAL HEAVILY FINED

Alderman W. D. Mansfield of McKeesport yesterday fined William Curtin, division superintendent of the Pittsburgh Railways company \$25 and costs on a charge brought by Health Officer F. W. Hooper of not properly cleaning and fumigating street cars. Division Superintendent Joseph Black of the West Penn Street Railways company received a hearing last night before Alderman A. G. Gleason and was fined \$2 and costs, the minimum for violating the new law requiring street cars to be scrubbed regularly.

HUMPHRIES SUCCESSFUL YESTERDAY

Holds Clarksburg To Four Hits and No Scores.

CHARLEROI SCORED

But One Run and It Came In the Last Of Game.

Clarksburg, W. Va., May 27.—Humphries' great pitching was the stumbling block for the Drummers in today's game with Charleroi and they went down to defeat in a 1-0 game. Both McCormick and Humphries pitched good ball and were given glib support. The visitors scored the only run of the game in the eighth. Houser singled to right, was sacrificed to second by Osborne, and took third on Elliott's out. Dailey lifted one over McGinty's and Houser crossed the pan. Clarksburg could not connect with Humphries' curves and five safeties was the best they could do. The new diamond will be finished in time for tomorrow's game. The score

ARRESTS MADE FOR ROBBERIES ON RAILROAD

Robert Williams, of anywhere was arrested at 5 o'clock yesterday morning by P. & R. detective J. R. Chalfant in the West Brownsville freight yards for having broken open and taken goods from three box cars. He was given a hearing yesterday afternoon before Justice Koehler at Donora and committed to jail in default of \$500 bail. He will likely enter a plea of guilty and be sentenced at once.

The burglary occurred at 4 o'clock. From one car, he took some whiskey, from another, apples and eggs and from another some blood purifier. He was preparing to leave the yard when captured.

At Donora on Tuesday evening occurred a robbery of a car, twenty bunches of bananas being taken by ten boys. The names of the youngsters were learned and the parents agreed to pay for the damages and the costs.

Go to H. C. Spars, Lucyville for choice tomato and cabbage plants. On street car line.

STUDENTS AT NORMAL ON STRIKE

Action of Prof. Noss in Regard To Courting on Campus Does Not Please.

BURNED IN EFFIGY

Students, Intensely Excited, Commit Act Of Disloyalty.

A strike was declared by the three upper classes, senior, junior and middle, of the California Normal yesterday morning following Principal Noss' efforts to enforce what he terms "proper discipline on the campus." In other words the principal made spooning on the campus a direct violation of the laws governing the conduct of the Normal students. Of course the young people thought that Prof. Noss was overstepping his bounds and thus declared themselves. All was righted this morning, however, the classes returning to school.

The effigy of Prof. Noss was burned on the campus on Tuesday evening following a lecture by the principal in which he stated his intentions of having the spooning stopped.

Yesterday morning several of the alleged ringsters in the preceding night's demonstration were summoned before the faculty and were suspended for a time pending investigation. The seniors, juniors and middle classes quit the recitation room when the action of the faculty was announced and stated they would not return. During the entire day excitement was intense among the students.

This morning all had quieted down, however, and everything is going along in its usual trend.

It is said that Prof. Noss is due some criticism for continually harping on the subject of courtship on the campus, while the action of the students is also to be criticized, especially the burning of Mr. Noss in effigy.

Hess.
Emma Hess, the wife of William Hess, of West Brownsville died yesterday at the home of her parents in Black Diamond, after a several weeks illness of consumption. The deceased is quite well known in Charleroi. The funeral services will be held from the residence of her father Friday afternoon at 2 o'clock. Interment in the Monongahela cemetery.
The husband is well known along the valley being an assistant conductor on the P. R. R. He was formerly employed in Charleroi, at the Freight offices.

C. T. A. U. HAS ANNUAL ELECTION OF OFFICERS

Schildkamp; Vice President, Ed. Didst; Secretary-Treasurer, Miss Anna Sullivan; Marshal, Miss Julia Sullivan; Guard, Joseph Didst; Delegates to Pittsburgh convention, Alice Langlin, Marie Connelly and Joseph Didst.

The secretary of Pittsburgh Diocesan Union was present and installed the officers, giving an inspiring address on the work that is being done by the order. A social session followed. Refreshments were served by the ladies of the C. T. A. U.

MINE HERO DIES ATTEMPTING TO RESCUE COMRADE

Gas Explosion Kills Two and Burns Two Others.

ONE KNOWN IN CHARLEROI

The Two Burned Will Recover, the Doctors Say.

Salineville, Ohio, May 27.—As a result of a mine explosion here this morning, one man met instant death, another is given up for dead at the bottom of the shaft, a third is probably fatally injured and a fourth seriously hurt.

The Victims.
Frank Skinner, aged 35, instantly killed while attempting a rescue.
John Rice, missing.
Wesley Wright, aged 50, fatally injured.

Edward Lewis, leg broken, body bruised.

The mine belonging to the Big Vein Coal company, was in operation, though it was customary for a few miners to work there occasionally to get coal to run engines. Wright and Roe descend the shaft this morning. Edward Lewis, the superintendent, followed in a few minutes. The cage had gone down but a few feet when the explosion occurred, blowing the cage and Lewis out of the mouth of the mine.

Skinner, with John Cannon, went down to rescue Roe and Wright. The latter was seen by Cannon. His companions placed him in the cage and gave the signal to hoist. Just then a section of the wooden casing of the shaft, weakened by the explosion, fell, taking with it a piece of metal piping, which struck and killed Skinner.

Cannon got out alive, bringing the two bodies.

The air is too foul to permit of further rescue work. Roe is given up for dead.

CATE UP BEFORE SUPREME COURT

The case of W. D. Cate is the first on the June trial list in Fayette county. Cate was tried for the murder of Belle Vernon's chief of police and found guilty. His case was carried to the Supreme court and the decision of the lower court was reversed. This case will likely occupy the attention of the court for at least a week or ten days.

In the paragraph yesterday of the clerk-carrier examination, concerning the age limit and weight of applicants for civil service, a mistake was made. The age limit is from 18 to 45 years and the weight not less than 125 pounds.

PICNICING AT ELDORA PARK TODAY

School Children Are Having a Great Time At Popular Park.

RACES ARE FEATURES

Sports Started at 2:30—Many Beautiful Prizes Are Given. Winners of Events.

Today the pupils of the schools of Charleroi are enjoying themselves at Eldora Park in regular picnic fashion. Sports are the features of the day. The affair is the annual outing provided by the merchants of the town and Eldora Park management, the first one being held in 1905. Free transportation is furnished by the Eldora Amusement Company for all the children and each child is also given two tickets for the attractions.

The spelling contest for the gold medal occurred at 11:30 this morning. It was conducted by Miss Janet Campbell. The winner was Miss Helen Greely. At 1:30 was the grand march, led by Johnnie Jenkins and band. At 2 o'clock there were patriotic songs by a large chorus, after which the races began. At the time of press no results had been learned. A baseball game will take place immediately between two Charleroi teams, one from Y. M. C. A. and another from the Hilltop and Grey.

All are having a good time and the park is crowded. The roller coaster is proving a great delight to the children as is the merry-go-round. The dancing pavilion is well patronized.

Yesterday the Monongahela schools held a picnic at Eldora.

Will Spend Year in Rest.

Superintendent Frank L. Hall, who on Monday retires from office after 12 years successful work in the schools of Washington county, will spend a year in rest and recreation. He will probably spend a considerable part of the hot season at Chautauqua and will endeavor to recuperate, being badly in need of rest. The superintendent is at present suffering slightly from nervous trouble, but hopes that by a season of absolute rest from physical and nervous exertion his health may be materially improved.

BAPTIST UNION IN MONONGAHELA

Forget Human Nature

There have always been two classes
of reformers—distinctly apart from the
other people who sought to reform the
evil of their times, one of whom was
contending a godly man and whose
bitterness in denouncing evils served
as a cloak for their own wickedness.
Burns termed these the "Unco Guid."
The other class consists of truly good
men and women, actuated by the sole
purpose of doing good, but they take
no account of human nature.

The Normal School at California is
somewhat excited over the order of the
Principal forbidding the co-eds to
stroll together evenings on the campus.
He means to mean well but forgets
human nature. From the time of the
tragedy of Pyramus and Thisbe "Love
has Found a Way," if the comic opera,
ditty may be used. No poet of fame
has failed to picture the sublime bliss
arising from an evening stroll of a
young couple. Their apostrophes all
are condensed by the "Herd Laddie."

"Tis not beneath the burgonet,
Tis not beneath the crown;
Tis not on couch of velvet,
Nor yet on bed of bed of down.
But 'neath the spreading birk,
In a dell without a name
Twixt the gloaming and the morn,
When the kye comes home."

Let the President remember the days
of old before age had frosted the blood
and learning had sharpened his powers
for observing too acutely, and he will
agree with the poet that the time to
"woo a bonnie lassie" is when "the
kye comes home."

A Press Enemy.

Several of our Democratic ex-
changes reprint with glee and gloat
over the harsh language used by Rev.
Wilbur P. Crafto in denouncing
Speaker Cannon.

They are evidently unaware that
Rev. Crafto entertains the same
fierce hostility towards a free press
that he entertains against speaker
Cannon. He is the author of the bill
which, had it been adopted, would
have given to some petty postoffice
official the unquestioned right to de-
prive any newspaper the use of the

mail and from which there was
appeal. The provisions of the "Allen
and Sedition" act, the fathering of
which killed the old Federal party,
were not so drastic as those of Rev.
Crafto bill.

It is true that he attempted to hide
its Russian Censorship under the plea
that it was to be used solely against
anarchists and other papers preaching
murder and sedition but there was no
such distinction drawn in the bill.
It left to a post office official the
right to determine what constituted
sedition, a loop-hole which a Maddon
would gladly availed himself of.

Know Rev. Crafts, brethren, before
using his unclerical language. It
was almost identical with that which
Horati Seymour denounced Abraham
Lincoln in New York in 1860.

Cause For Rejoicing.

That the miners and operators came
to an amicable understanding yester-
day, is a cause for general rejoicing.

It is true that at Toledo there had
been general understanding arrived
at, which practically settled matters
peacefully, but there were several lo-
cal questions of importance to be set-
tled which were disturbing factors
until yesterday, such as payment for
slate the Pate dump, etc. The opera-
tors fell back on the Toledo agree-
ment and could not have been turned
from it except by a general strike,
which would have involved untold dis-
aster to both sides. The district
officials exhausted all other means to
secure settlement of the slate ques-
tion but wisely refused to strike.

It is creditable to both sides that
wisdom prevailed and a harmonious
ending reached.

Charleroi To Get Nothing?

The press dispatches this morning
indicate that Charleroi will get no ap-
propriation this year for its Federal
building.

However, it is just as well not to
take the dispatches too seriously. If
the correspondent and his motives in
sending that dispatch were fully known
a different face might be put on the
matter. It should not be forgotten
that Charleroi has two firm friends in
Senators Penrose and Knox who will,
undoubtedly, use all of their great
powers to secure the appropriation and
that means success.

Among the Exchanges

Appropos of the good roads move-
ment the McKeesport Times says:

The country abounds in fire clay
and there need be no limit on the
manufacture of paving brick; enough
of these can be made, with plenty to
spare, to pave every principal public
road in the United States. These are
the roads that ought to receive first
attention; the by-roads can come after.
The inauguration of such improve-
ments would in a few years place this
country in the first ranks of good
roads countries of the world, a posi-
tion it is at present far from occupy-
ing. The benefits of such a system
would be far-reaching and along sev-
eral lines. It would increase the
prosperity of an improvement branch
of industrial activity, create a larger
field for labor and vastly enhance the
value of rural property, so adding to
the wealth of the nation.

Dwelling upon the laxity of parents
in caring for their children the Mon-
essen Independent says:

There are some parents in Monessen
who care no more for the welfare of
their children than if they were kit-
tens or common house dogs. Girls
who have several years yet to live be-
fore they reach the age of maturity
can be seen roaming the streets at
night when they should be at their
homes. This is not so much the fault
of the children as it is the fault of
the parents. Such parents do not
seem to realize the great responsi-
bility that rests with them in the bring-
ing up of their own offspring, never-
theless they are responsible and after
they come to realize it, it is too late.
Neither boys nor girls ranging in age
from 12 to 16 years of age should be
allowed to roam the streets at night,
alone. If more attention was paid to
the bringing up of children, the
would not be so much pain and anguish
in the hearts of parents in later years.

In discussing the various phases of
life the Monessen News, says:
We hear much said these days about
the man whose only ideal in life is the
dollar or the satisfying of his stom-
ach. We are taught to have higher
aims than the mere earning of money.
But is it not possible that these per-
sons who decry labor and so strongly
advocate higher positions in life are
unjustly judging the worker? Do
they not lose sight of the actual
struggle involved in the making of
decent living? All around us today
the conditions are hard. Food and
rent come dangerously near the limit
of man's income and, indeed, there is
little left for the average man's wage
to be banked for the proverbial
"rainy day." The wolf may not be
at the very door of any Monessen hus-
bandman, but in many instances he is
just across the way. There are hun-
dreds of good men and women in this
town who would enjoy culture and the
higher life, but they must have bread,
and their duty in that line is a kind
of heroism that keeps civilization on
the right track.

Lover.
Lover, Pa., May 28.—Miss Grace
Wilkins of Coal Center spent Sunday
with her sister, Mrs. Henry Hannon
of the Ridge.
Master Robert Gregg of West Pike
Run, is visiting at the home of Mr.
and Mrs. Ellis Sphar.
Miss Helen Gregg of California,
spent a few days last week with her
aunt, Mrs. Valoren Smallwood.
Mr. and Mrs. Curtie Carson of
Lock View, spent Sunday at the home
of the former's father John A. Car-
son.
Mrs. Maud Davis is on the sick list.
Shirley Mancha and family of
Jonestown, and Mr. and Mrs. John
Rider spent Sunday at the home of
Hiram Robison.
Cornelius Carson and daughter,
Mrs. Thomas Anderson of Mononga-
hela, spent Sunday at the home of I.
N. Carson.
Rev. Settles of Morgantown, W.
Va., will preach at the Christian
church Sunday morning and evening.
Mrs. John Nelson is quite ill,
caused by falling while hanging cur-
tains.
Charles Carson who has been sick is
improving.

The commissioners of Allegheny
and Washington counties have re-
ceived word that the war department
has approved the plans for the new
bridge to be erected between Monon-
gahela and Forward township, over the
Monongahela river, the expense of
which is to be borne jointly by the
two counties. As outlined by the
plans the structure will be built in
three spans, and will give the requir-
ed clearance over pool full for naviga-
tion.

With the plans for the structure
approved by the war department the
commissioners of the two counties can
go ahead and advertise for bids for
the erection of the bridge, which will
more than likely be done at once. As
the commissioners will hardly seek to
delay work on the proposed bridge all
these preliminary details should be
cleared away within the next sixty

days. The plan is to have the bridge
completed by the first of December, so
that the iron work will be under way before
Christmas.

Wheeling, W. Va., May 28.—Hugh
H. McClure, of Washington, Pa., who
was indicted by grand jury on charges
of obtaining money by false pretense
and for whom a rule was issued when
he failed to appear for trial has ar-
rived in Wheeling from Cincinnati
accompanied by his father and Dr.
Barnett. The physician stated that
young McClure would have to undergo
an operation for appendicitis and that
confinement in jail might prove fatal.
Sunday several people driving along
the Pittsburg pike witnessed the pol-
lution of the Jeannette reservoir, sup-
plying drinking water for the Glass
City, when they came upon six Ital-
ians, all stripped to their undercloth-
ing, washing their trousers, grease
stained and ragged, in the big body
of water.

**You Can Easily Operate
This Typewriter Yourself**
Don't worry your
correspondent.
Don't write him
anything by hand
that takes him time
to make out—let it
make itself. It is
easy to learn and
easy to read.
And don't fill out
lengthy papers or card
memos—make out
accounts or hotel menus in your own hand-
writing.
It looks bad, reflects on your standing,
makes people think you can't afford a
stenographer, and is sometimes ambiguous.
You can write out your letters—make out
an abstract—fill in an insurance policy—
enter your card memo—make out your
accounts or hotel menu—or do any kind
of writing—on any kind of paper, size or
thickness of paper, and space any way you
want on.

You can write any of these things if you do
not happen to have a stenographer.
For you can easily learn, with a little
practice, to write just as rapidly, and as
perfectly, as an expert stenographer on the
OLIVER. Because the OLIVER is the
simplest typewriter. And you can see
every word you write. About 4 per cent.
more durable than any other typewriter,
because it has about 80 per cent. less wear-
ing points than most other typewriters.
30 per cent. easier to write with than these
other complicated, intricate machines that
require "humane"—technical knowledge—
long practice and special skill to operate.
Then machines which cannot be adjusted
to any special space—with which it is im-
possible to write abstracts, insurance
policies, or odd-size documents, except you
buy expensive special attachments requir-
ing experts to operate.
You can adjust the OLIVER to any reason-
able space—you can write on any reasonable
size and thickness of paper, right up to the
very edge, without the aid of any expensive
attachments or special skill, and your work
will be neat, appearing, legible and clear.
For the OLIVER is the typewriter for the
doctor, the lawyer, the stenographer, the
merchant, the hotel proprietor—or any man
who does his own writing.

simplified features of the OLIVER.

Making More Than a Living

Nearly every man who works
steadily makes more than a liv-
ing. During these slow times
the men who have saved some-
thing appreciate what it is to
have something laid away for a
rainy day. A few cents a day
soon counts up, and when sav-
ings are placed in a bank at a
tidy interest the sum soon grows
to proportions that make it a
safeguard against want when
work is not plentiful. Figure
up how much more than a living
you are making now, and place
the difference in this bank.

MISSING WORD IS FOUND BY LARGE NUMBER

Eighteen correct answers were sent
in for last week's missing word con-
test. The word, as was stated in
last week's writup, was easy to find
and many made the necessary effort.
Of course there were a great many
incorrect answers sent in, even a
larger number than those correct.
The word was "Suit" between words
to and the, in the add of Charleroi
Tea store, the sentence reading "Best
grade of tea" blended to—the most
delicate taste." Today's word will not
be difficult to find.

The Ticket That Came Back

A prominent railway man tells of a
railway ticket that took a sudden jour-
ney on its own account. It appears
that as a northbound train on the Colo-
rado and Southern road passed one of
the stations a passenger in a forward
car raised a window, and in an in-
stant his ticket was blown from his
hands. The passenger naturally gave
it up for lost and was much surprised
when the baggage-master handed it to
him a little while later. It appears
that when the ticket flew through the
window a southbound train was pass-
ing. The suction of that train, which
was moving at a rapid rate, drew the
ticket along with it, and as it passed
the rear end of the northbound train it
blew into the door of the smoking car.
There it was found by the baggage-
master.—Minneapolis Journal.

Moscow's Beggars

Of the beggars so characteristic of
Russia's ancient capital a writer says:
"The old city of Moscow could not
easily be dissociated from the 50,000
beggars who haunt its streets. The
city belongs to them. If the city rats
own the drains, they own the streets.
They are part of the city; they are in
perfect harmony with it. Take away
the beggars and you destroy something
vital. Some are so old and weather-
battered that they make the Kremlin
itself look older, and of those who lie
at the monastery doors some are so
fearfully pitiable in their decrepitude
that they lend power to the churches."

His View of It

A little boy had been sent to the
dairy to get some eggs, and on his
way back he dropped the basket con-
taining them.
"How many did you break?" asked
his mother.
"Oh, I didn't break any," he replied,
"but the shells came off some of
them."

Start Early in Life to Save

It is generally regretted by old men that they did not start to save when
they were young. It brings to their memory the recollection of
thousands of dollars that could have been saved instead of wasted, if they had
deposited even a small amount in the Bank each week.
Young men and young women, now is the time to save—now is just the time
to open an account with the Charleroi Savings & Trust Company and make reg-
ular deposits. Then in later years you will look back with joyful recollection
and genuine satisfaction.

ELECTION OF WRIGHT WAS LEGAL

Attempt To Discredit Action Of Charleroi School Board Is Squeezed.

DO NOT ADVERTISE

Holding Of Election, But According to Law This Was Unnecessary.

There has been considerable talk about the legality of the recent election of Prof. W. D. Wright to the superintendency of the Charleroi schools, and an article was published in the Washington Observer this morning under a Charleroi date line concerning the matter. The Mail has investigated and can say that the election was entirely legal and the board of directors abided by the law in choosing Prof. Wright for the position. The howl is all made over a technical point, it being stated that the directors did not advertise that they would hold such an election. They did not have to advertise, which fact is proven by a careful review of the school law.

Probably what first occasioned the hubbub was the local directors going to Washington to elect the county superintendent, then returning and holding a meeting at which time it was decided to elect a superintendent. What if they did? No offense was committed by the act.

The technicality is in the place where mentioned in the law. That the president of the board of directors or controllers of any city or borough in this Commonwealth shall, at any time after the passage of this act, if so requested in writing by seven directors or controllers, call a convention, giving at least five days notice thereof to all the directors of said city or borough, to determine whether they will elect a city or borough superintendent in accordance with the provisions of this act; and if, at such meetings it shall be decided to hold such an election, the said directors shall again convene at the time appointed by this section of this act, or at any other time in accordance with its provisions, and at a place fixed upon by themselves, when they shall proceed to carry their determination into effect in the same manner as is done by conventions held for the election of county superintendents.

The above applies directly to cities with wards and does not at all concern Charleroi where there are only six directors. The directors knew exactly in what position they stood at the time of election when they voted to create a superintendency.

GRAND JURY MEN CONDEMN JAIL

The Westmoreland county grand jury has presented a report to the court to the effect that the county jail is unsanitary; that renovation should be made. They warmly commend the County Home management but recommend the erection of a suitable building for the care and detention of the insane of Westmoreland county separate and apart from the present county home buildings.

AN AGREEMENT REACHED AT LAST BY CONFERENCE

Unions and Operators Reach An Agreement Yesterday.

LAKE MOVEMENT SLOW

The Agreement Permits 35,000 Men For Two Years.

After nearly two weeks of conferring the coal operators and representatives of the United Mine Workers of the Pittsburgh district yesterday affirmed all of the working conditions existing in the wage scale of the past two years and made their operative for the next two years as a part of the mining wage scale.

The conference at first was composed of the operators' committee and all of the miners' wage committee, but after a week's effort on its part the matter was placed in the hands of a joint sub-committee to be thrashed out, and this committee made its report yesterday.

The miners had made several efforts to secure some additional concessions from the operators that would increase the cost of the mining of coal. The operators held firmly to their original proposition, on the ground that the condition of the coal trade would not warrant their assuming any greater burdens.

The settlement completed makes the wage scale that has ruled since 1906 operative, identically as it has been, until April 30, 1910. With the completion of the agreement the conference broke up, both sides expressing satisfaction over the peaceful adjustment of all difficulties. About 35,000 miners will be affected by the settlement, some of whom have been working perding the adjustment.

The settlement of the scale will allow mining operations to be resumed more freely, as the market price has been permanently fixed. The movement of coal to the lakes, which was scheduled to begin June 11, however, it is said, has been deferred, and it is not believed now that the ore boats will start bringing down the ore in time to permit large coal movements to the Northwest much before July 1.

TROLLEY OFFICIAL HEAVILY FINED

Alderman W. D. Mansfield of McKeesport yesterday fined William Curtin, division superintendent of the Pittsburgh Railways company \$25 and costs on a charge brought by Health Officer F. W. Hooper of not properly cleaning and fumigating street cars. Division Superintendent Joseph Black of the West Penn Street Railways company received a hearing last night before Alderman A. G. Gleason and was fined \$2 and costs, the minimum for violating the new law requiring street cars to be scrubbed regularly.

HUMPHRIES SUCCESSFUL YESTERDAY

Holds Clarksburg To Four Hits and No Scores.

CHARLEROI SCORED

But One Run and It Came In the Last Of Game.

Clarksburg, W. Va., May 27.—Humphries' great pitching was the stumbling block for the Drummers in today's game with Charleroi and they went down to defeat in a 1-0 game.

Both McCormick and Humphries pitched good ball and were given gilded support. The visitors scored the only run of the game in the eighth Houser singled to right, was sacrificed to second by Osborne, and took third on Elliott's out. Dailey lifted one over McGinty's and Houser crossed the pan. Clarksburg could not connect with Humphries' curves and five safeties was the best they could do. The new diamond will be finished in time for tomorrow's game. The score:

ARRESTS MADE FOR ROBBERIES ON RAILROAD

Robert Williams, of anywhere was arrested at 5 o'clock yesterday morning by P. K. R. detective J. R. Chalfant in the West Brownsville freight yards for having broken open and taken goods from three box cars. He was given a hearing yesterday afternoon before Justice Koehler at Donora and committed to jail in default of \$500 bail. He will likely enter a plea of guilty and be sentenced at once.

The burglary occurred at 4 o'clock. From one car, he took some whiskey, from another, apples and eggs and from another some blood purifier. He was preparing to leave the yard when captured.

At Donora on Tuesday evening occurred a robbery of a car, twenty bunches of bananas being taken by ten boys. The names of the youngsters were learned and the parents agreed to pay for the damages and the costs.

Go to H. C. Sphar, Lucyville for choice tomato and cabbage plants. On street car line.

STUDENTS AT NORMAL ON STRIKE

Action of Prof. Noss in Regard To Courting on Campus Does Not Please.

BURNED IN EFFIGY

Students, Intensely Excited, Commit Act Of Disloyalty.

A strike was declared by the three upper classes, senior, junior and mid-dlers, of the California Normal yesterday morning following Principal Noss' efforts to enforce what he terms "proper discipline on the campus." In other words the principal made spooning on the campus a direct violation of the laws governing the conduct of the Normal students. Of course the young people thought that Prof. Noss was overstepping his bounds and thus declared themselves. All was righted this morning, however, the classes returning to school.

The effigy of Prof. Noss was burned on the campus on Tuesday evening following a lecture by the principal in which he stated his intentions of having the spooning stopped.

Yesterday morning several of the alleged ringsters in the preceding night's demonstration were summoned before the faculty and were suspended for a time pending investigation. The seniors, juniors and mid-dlers at once quit the recitation room when the action of the faculty was announced and stated they would not return. During the entire day excitement was intense among the students.

This morning all had quieted down, however, and everything is going along in its usual trend.

It is said that Prof. Noss is due some criticism for continually harping on the subject of courtship on the campus, while the action of the students is also to be criticised, especially the burning of Mr. Noss in effigy.

Hess.

Emma Hess, the wife of William Hess, of West Brownsville died yesterday at the home of her parents in Black Diamond, after a several weeks illness of consumption. The deceased is quite well known in Charleroi. The funeral services will be held from the residence of her father Friday afternoon at 2 o'clock. Interment in the Monongahela cemetery. The husband is well known along the valley being an assistant conductor on the P. R. R. He was formerly employed in Charleroi, at the Freight offices.

Didat; Secretary-Treasurer, Miss Anna Sullivan; Marshall, Miss Julia Sullivan; Guard, Joseph Didat; Delegates to Pittsburgh convention, Alice Langlin, Marie Connelly and Joseph Didat.

The secretary of Pittsburgh Diocesan Union was present and installed the officers, giving an inspiring address on the work that is being done by the order. A social session followed. Refreshments were served by the ladies of the C. T. A. U.

MINE HERO DIES ATTEMPTING TO RESCUE COMRADE

Gas Explosion Kills Two and Burns Two Others.

ONE KNOWN IN CHARLEROI

The Two Burned Will Recover, the Doctors Say.

Salineville, Ohio, May 27.—As a result of a mine explosion here this morning, one man met instant death, another is given up for dead at the bottom of the shaft, a third is probably fatally injured and a fourth seriously hurt.

The Victims.

Frank Skinner, aged 35, instantly killed while attempting a rescue.

John Roe, missing.

Wesley Wright, aged 50, fatally injured.

Edward Lewis, leg broken, body bruised.

The mine belonging to the Big Vein Coal company, was in operation, though it was customary for a few miners to work there occasionally to get coal to run engines. Wright and Roe descend the shaft this morning. Edward Lewis, the superintendent, followed in a few minutes. The cage had gone down but a few feet when the explosion occurred, blowing the cage and Lewis out of the mouth of the mine.

Skinner, with John Cannon, went down to rescue Roe and Wright. The latter was found apparently lifeless. His companions placed him in the cage and gave the signal to hoist. Just then a section of the wooden casing of the shaft, weakened by the explosion, fell, taking with it a piece of metal piping, which struck and killed Skinner.

Cannon got out alive, bringing the two bodies.

The air is too foul to permit of further rescue work. Roe is given up for dead.

Kodol completely digests all classes of food. It will get right at the trouble and do the very work itself for the stomach. It is pleasant to take. Sold by Piper Bros.

CATE UP BEFORE SUPREME COURT

The case of W. D. Cate is the first on the June trial list in Fayette county. Cate was tried for the murder of Belle Vernon's chief of police and found guilty. His case was carried to the Supreme court and the decision of the lower court was reversed.

This case will likely occupy the attention of the court for at least a week or ten days.

Correction.

In the paragraph yesterday of the clerk-carrier examination, concerning the age limit and weight of applicants for civil service, a mistake was made. The age limit is from 18 to 45 years and the weight not less than 125 pounds.

Cascawset is for babies and children, and is especially good for the ill, so common in hot weather. Look for the ingredients on the bottle. Contains no harmful drugs. Sold by Piper Bros.

PICNICING AT ELDORA PARK TODAY

School Children Are Having a Great Time At Popular Park.

RACES ARE FEATURES

Sports Started at 2:30—Many Beautiful Prizes Are Given. Winners of Events.

Today the pupils of the schools of Charleroi are enjoying themselves at Eldora Park in regular picnic fashion. Sports are the features of the day. The affair is the annual outing provided by the merchants of the town and Eldora Park management, the first one being held in 1905. Free transportation is furnished by the Eldora Amusement Company for all the children and each child is also given two tickets for the attractions.

The spelling contest for the gold medal occurred at 11:30 this morning, it being conducted by Miss Janet Campbell. The winner was Miss Helen Greely. At 1:30 was the grand march, led by Johnnie Jenkins and band. At 2 o'clock there were patriotic songs by a large chorus, after which the races began. At the time or press no results had been learned. A baseball game will take place immediately between two Charleroi teams, one from Y. M. C. A. and another from the Hilltop and Grey teams.

All are having a good time and the park is crowded. The roller coaster is proving a great delight to the children as is the merry-go-round. The dancing pavilion is well patronized.

Yesterday the Monongahela schools held a picnic at Eldora.

Will Spend Year in Rest

Superintendent Frank P. Hall, who on Monday retires from office after 12 years successful work in the schools of Washington county, will spend a year in rest and recreation. He will probably spend a considerable part of the hot season at Chautauqua and will endeavor to recuperate, being badly in need of rest. The superintendent is at present suffering slightly from nervous trouble, but hopes that by a season of absolute rest from physical and nervous exertion his health may be materially improved.

Mr. John Riba, of Vining, Ia., says, "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill ever sold." Sold by Piper Bros.

BAPTIST UNION IN MONONGAHELA

The First Annual Convention of the Baptist Union of the Monongahela Valley will meet in the Second Baptist church, of Monongahela the 29th inst. The annual sermon will be preached by Rev. W. H. Moses, D. D., of Pittsburgh. Saturday will be devoted to business, election of officers and the organizing of a women's society. On Saturday evening the union will be preaching by noted visiting ministers. The union will endeavor to raise \$500 for the debt on the local church parsonage.

Forget Human Nature

There have always been two classes
of reformers distinctly apart from the
other people who sought to reform the
evil of their times, one of whom was
unwillingly a godly man and whose
bitterness in denouncing evils served
as a cloak for their own wickedness.
Some termed these the "Unco Guids."
The other class consists of truly good
men and women, actuated by the sole
purpose of doing good, but they take
no account of human nature.

The Normal School at California is
somewhat excited over the order of the
Principal forbidding the co-eds to
stroll together evenings on the campus.
He means to mean well but forgets
human nature. From the time of the
tragedy of Pyramus and Thisbe "Love
has Found a Way." If the comic opera
ditty may be used. No poet of fame
has failed to picture the sublime bliss
arising from an evening stroll of a
young couple. Their apostrophes all
are condensed by the "Herd Laddie."

"Tis not beneath the burgenet,

"Tis not beneath the crown:

"Tis not on couch of velvet.

Nor yet on bed of bed of down.

But 'neath the spreading birk.

In a dell without a name

Twixt the gloaming and the mirk,

When the kye comes hame."

Let the President remember the days

of old before age had frosted the blood

and learning had sharpened his powers

for observing too acutely, and he will

agree with the poet that the time to

"woo a bonnie lassie" is when "the

kye comes hame."

A Press Enemy.

Several of our Democratic ex-

changes reprint with glee and gloat

over the harsh language used by Rev.

Wilbur F. Crafto in denouncing

Speaker Cannon.

They are evidently unaware that

Rev. Crafto entertains the same

ferocious hostility towards a free press

that he entertains against speaker

Cannon. He is the author of the bill

which, had it been adopted, would

have given to some petty postoffice

official the unquestioned right to de-

prive any newspaper the use of the

appeal. The provisions of the "Alien

and Sedition" act, the fathering of

which killed the old Federal party,

were not so drastic as those of Rev.

Crafts bill.

It is true that he attempted to hide

its Russian Censorship under the plea

that it was to be used solely against

anarchists and other papers preaching

murder and sedition but there was no

such distinction drawn in the bill.

It left to a post office official the

right to determine what constituted

sedition, a loop-hole which a Maddon

would gladly availed himself of.

Know Rev. Crafts, brethren, before

using his clerical language. It

was almost identical with that which

Horati Seymour denounced Abraham

Lincoln in New York in 1860.

Cause For Rejoicing.

That the miners and operators came

to an amicable understanding yester-

day, is a cause for general rejoicing.

It is true that at Toledo there had

been general understanding between

at, which practically settled matters

peacefully, but there were several lo-

cal questions of importance to be set-

tled which were disturbing factors

until yesterday, such as payment for

slate the Pate dump, etc. The opera-

tors fell back on the Toledo agree-

ment and could not have been turned

from it except by a general strike,

which would have involved untold dis-

aster to both sides. The district

officials exhausted all other means to

secure settlement of the slate ques-

tion but wisely refused to strike.

It is creditable to both sides that

wisdom prevailed and a harmonious

ending reached.

Charleroi To Get Nothing?

The press dispatches this morning

indicate that Charleroi will get no ap-

propriation this year for its Federal

building.

However, it is just as well not to

take the dispatches too seriously. If

the correspondent and his motives in

sending that dispatch were fully known

a different face might be put on the

matter. It should not be forgotten

that Charleroi has two firm friends in

Senators Penrose and Knox who will,

undoubtedly, use all of their great

powers to secure the appropriation and

that means success.

Start Early in Life to Save

It is generally regretted by old men that they did not start to save when they were young. It brings to their memory the recollection of thousands of dollars that could have been saved instead of wasted, if they had deposited even a small amount in the Bank each week.

Young men and young women, now is the time to save—now is just the time to open an account with the Charleroi Savings & Trust Company and make regular deposits. Then in later years you will look back with joyful recollection and genuine satisfaction.

larger number than those correct.
The word was "Suit" between words
to and the, in the add of Charleroi

JURY HAD NOT RETURNED VERDICT AT COURT'S CLOSE

The question whether or not Louis
Lazzari, a prominent Italian of Mon-
ongahela, shall pay a \$2,000 note,
which has been the cause of much lit-
igation in the local courts, is now
with the jury. The case has occupied
the time in Judge McIlvaine's court
at Washington since Monday noon.

The testimony was closed yesterday
morning and the attorneys occupied
the entire forenoon and part of the
afternoon in making the arguments to
the jury.

The jury retired shortly after noon
and was still out when court adjourn-
ed at 4:30 yesterday. By reason of
the fact that the case was once
through criminal court, at which time
the plaintiff in the present action was
acquitted of forgery of the note in
question, there is much speculation
as to what the outcome is going
to be.

The case has been strongly con-
tested from the beginning. On one side
representing the plaintiffs was the
firm of Underwood and Mealy, and on
the other representing the defendant
were attorneys Carl E. Gibson and
Harry L. Williams. A long string
of witnesses testified, some being
kept on the stand for hours at a time.

One of the most interesting fea-
tures of the case was the identification
of Lazzari's signature. In doing this
checks, letters, receipts and books
used by carriers of registered pack-
ages were used. It was argued by Mr.
Underwood, while tracing the char-
acteristics of the three different
styles of signatures, that these repre-
sented certain stages of material pro-
gress in Lazzari's career.

The third style, or that which Mr.
Lazzari now uses, was designated by
Mr. Underwood as a "bank president
or railroad president" style, a pecu-
liar serawit which can be recognized
only when seen in process of execu-
tion or as it resembles in outline the
countenance of him who wrote it.

After hearing the testimony of the
plaintiff, Judge Taylor yesterday
granted a nonsuit on motion of coun-
sel for the defendant in the case of
Mrs. Mary J. Whitehead against the
Pennsylvania Railroad company.
The action was one to recover \$30,000
damages for the death of the plain-
tiff's husband, Richard Whitehead
who was killed by a passenger train
at Coal Center December 6, 1905.

It was alleged that the accident
was the result of negligence on the
part of the railway employees. In
the opinion of the court the plaintiff
failed to make out a case of this kind
and a nonsuit was granted. The
plaintiff was represented by Attorney
Boyd and E. E. Crumrine and the
defendant company by the firm of
Irwin, Wiley and Morgan.

The suit of the Pittsburgh Arm-
ature company, of Pittsburg, against
A. D. Spencer, of Charleroi, to re-
cover a book account of \$122.53 with
accrued interest, is now being heard
by Judge McIlvaine. The plaintiff
alleges there was a contract whereby
it sold to the defendant certain goods
for which he now refuses to pay.
The plaintiff is represented by Attor-
ney J. B. Crumrine and the defendant
by Carl E. Gibson.
